MARAZZI ARCHITETTI

Marazzi Architetti, biro osnovan 2004.godine u Parmi, moderne arhitektonske potrebe istražuje inovativnim i eksperimentalnim pristupom, razvijajući različite faze projekta koje se tiču arhitekture, urbanističkog projektovanja, okruženja i unutrašnjeg dizajna. Osnovan od strane ljudi iz različitih zemalja, Marazzi Architetti kombinuje fleksibilnost iskusne profesionalne prakse sa spretnošću planiranja proverenih struktura, baveći se u potpunosti proizvodnim procesom arhitektonskog plana, od početne zamisli pa do finalnog proizvoda. Proces analize svakog plana je određen posebnim eksperimentalnim stavom; svakom projektu se pristupa kroz detaljno istraživanje, u cilju da se klijentu ponude jedinstvena, lična i nestandardna rešenja. Naravno, veliki značaj se pridaje ekološkoj i energetskej održivosti, kao i inovativnim tehnologijama.

Founded in Parma (I) in 2004, *Marazzi Architetti* investigate contemporary architectural necessities with an innovative and experimental approach developing the various phases of the project with regards to architecture, urban planning, landscaping and interior design. Made up by a team of internationally formed members, *Marazzi Architetti* combines the flexibility of the long established professional practice with the proficiency of planning certified structures, dealing thoroughly in the productive process of the architectural plan, from conception to its final delivery. The process of analysis for each plan is characterized by a particular experimental attitude; each project is approached through a detailed research process with the aim of offering the client a unique, personalized and unconventional choice of solutions. Predictably, great attention is paid to environmental and energetic sustainability, as well as innovative technologies.
